Medicare Concierge Membership Agreement

1. I understand that the concierge membership fee that Dr. Tang charges is not covered by Medicare. I freely and willingly agree to pay the concierge fee of \$150 per month, which includes the following benefits:
 - 1) Dr. Tang is limiting her practice to only 150 patients (whereas most doctors have on average 2,000 patients). Thereby she is able to give very personalized care and attention to her patients.
 - 2) All visits will be done by a physician.
 - 3) Dr. Tang will take time to communicate with family between appointments when needed.
 - 4) Dr. Tang will take the time to address all of your concerns at each visit.
 - 5) Dr. Tang can reduce ER visits/hospitalizations by managing problems in a home setting as much as possible and addressing issues early.
 - 6) The convenience of having a doctor drive to my home for appointments even if I still drive.
 - 7) Phone consultations and management of issues through telemedicine.
 - 8) Weekend and after hours availability with direct access to Dr. Tang's private cell phone.
 - 9) Also covers Dr. Tang's fees for filling out forms and writing letters.
 - 10) This is a month to month contract and I may cancel at any time with 30 days notice.

I willingly agree to pay the concierge fee of \$150 per month and agree to all of the above.
